APPEAL OF MILLERS

Declare Congress Must Act to Relieve the Situation.

SITUATION IS GRAVE

The Millers Say Unless Something Is Done Many Mills Will Have to Close Down and Some Will Be Forced to the Wall.

Washington, April 28.—When the senate convened today Senator Harris presented the following telegram received from the Kansas Millers' association:

"Kansas Millers on account of foreign discriminations, with the best wheat in the world at their door, are not producing over one-third of their full capacity. Unless your committee on foreign relations can give us relief through reciprocal concessions, placing our millers on an equal basis with foreign mills many of our mills will shut down indefinitely and some of them will be forced to the wall. In our distress we look to our senators for relief."

The telegram was referred to the committee on foreign relations.

The oleomargarine bill as it came from the house, was taken up and Mr. Culberson of Texas moved it be referred to the committee on agriculture. The motion was defeated 26 to 35.

PRAISE FOR FUNSTON

Washington, April 28.—In the house under the rules this was District of Columbia day, but the regular order was postponed until Monday next in order that the house might proceed with consideration of agricultural bill.

Mr. Curtis of Kansas made a brief but fervent defense of General Funston against the criticism to which he has been subjected. "The people of Kansas," he began, "are proud of the brave and daring record of the gallant Fred Funston (applause on the Republican side), he has been criticised here for an act which for daring of conception and execution, ranks with the greatest feats of arms—he captured the new George Washington—Aguinaldo."

AUSTIN NOTES

Anti-Trust Cases Against Three Companies Postponed to June.

Austin, April 28.—Three cases of the state against the Southern Cotton Oil company, the National Cotton Oil company, and the Taylor Cotton Oil company, for violation of the anti-trust laws came up before the district court, but was postponed by agreement to the first Monday in June.

The state board of education, headed by the governor, has gone to Marcos to participate in the laying of the corner stone and dedication ceremonies of the Southwest Texas Normal school there.

Judge Sam Streetman, recently appointed associate justice of the court of the civil appeals, to succeed Judge W. E. Collard, has been sworn in and received his commission.

NINETY-NINE YEARS.

British Subjects Enlist in United States Army and Convicted of Treason.

St. Louis, April 28.—Ernest Wild, a British subject, occupies a cell in the guard house at Jefferson barracks, awaiting transportation to the federal prison on Alcatraz island, in California bay, to serve a 99-year sentence for treason to the United States. If he had not falsely sworn he was a citizen of the United States he could not have found himself into his present predicament, for he would not have been received as a recruit to the United States army in St. Louis, December 5, 1899, and shipped to the Philippines.

Wild had been in active service on Luzon island only about one month when he disappeared from the camp of company B. of the Twelfth Infantry, at Panique, 50 miles from Manila. For 20 days he remained absent. Then he turned up in Tarlac and surrendered. He said he had been captured by the insurgents, and with much difficulty had escaped. With him was a soldier named Kenny, from the Fourth cavalry, who told the same story.

Instead of taking Wild's word and permitting him to join his command the commanding officer at Tarlac ordered him before a general court-martial, charging him with desertion and specifying that he had quit camp to join and fight with the Filipino insurgents. On this charge and specification Wild was convicted.

CHARGED WITH FORGERY

Princess Radziwill on Trial at Capetown on Twenty-Four Counts

Cape Town, April 28.—The trial of Princess Radziwill, on the charge of forgery in connection with notes purporting to have been endorsed by the late Cecil Rhodes, but which the latter repudiated, began here about a month ago, and court has treated witness called an appeal to the negroes of the state to contribute \$2000 to pay costs of legal expenses.

My impression was that the Filipinos are responsive to kind methods, and appreciate them, and their general expression to me were that they should be citizens of the United States if they can be equal to the Americans.

There is evidence from England, the application was refused. There are 24 counts in the indictment.

Though Rhodes and Schultz, two principal witnesses have died since the case was first filed their evidence, in the form of affidavits denouncing the signatures on the notes as forgeries, holds good.

CORRIGAN'S CONDITION.

New York, April 28.—Archbishop Corrigan's condition is satisfactory to watches at his bedside.

WORK OF CONGRESS.

Forecast of the Senate and House for This Week.

Washington, April 28.—The plans of the senate for the week do not extend beyond the continuation of the debate on the Philippine government bill and the consideration of minor matters when there is no one prepared to speak on the Philippines bill. It is said that speeches will be made against the Philippines bill by Senators Turpie, Clay and Simmons. Senator Hoar, also, will speak on the bill, but it is not expected he will be heard during the present week.

In the committees the inquiries into the sugar question as related to Cuba and into Gen. Crozier's connection with gun carriage inventions probably will be begun.

The committee on the Philippines will also proceed with its investigation into the condition of affairs into the Philippines.

In the house the special rule for the omnibus public building bill will be brought in and passed. The omnibus bill will be considered and consideration of the agricultural appropriation bill will be resumed. The District of Columbia appropriation bill will probably be passed and then only two appropriation bills will remain to be acted on by the house—the naval and the general deficiency bills.

Seldom have the appropriation bills been so well advanced at a long session of congress as they are this year.

PEASANTS IN RIOTS.

They Are Reported to Have Sacked Several Estates in Russia.

St. Petersburg, April 28.—The peasants in the Poltava and Kharkoff provinces, where 18,000 are reported to be participating in riots, have already sacked 80 estates, where they destroyed everything they could not carry off. The whole region is terrorized and land owners and stewards are fleeing for safety. The fear is increasing that Kharkoff and other towns will be attacked. Some of the authorities are showing weakness and pusillanimity, while others are cruelly vigorous and are causing wholesale flogging of persons arrested. The agitation at Moscow is so serious that the czar has relinquished his intention of spending the Russian Easter there.

The ministers, including M. DeWitt the minister of finance, continue to receive letters threatening them with death.

KILLED AT A CHURCH.

Hazleton, Pa., April 28.—Michael Cherkio, aged 38 years, was murdered about 100 feet from the Greek Catholic church at Freeland Sunday morning during the progress of the Greek Easter services. George Smith is under arrest charged with having committed the crime. It is alleged that Smith, upon entering the church failed to remove his hat and when requested to do so by Cherkio, one of the trustees, drew a blackjack and assaulted Cherkio. The latter ran out of the door followed by Smith. Cherkio had not gone far when Smith, drawing a revolver, shot him through the back, death being instantaneous. Friends of the dead man overpowered Smith and took him to the station house.

FACES DENIED BAIL.

Vinita, I. T., April 28.—The trial of John and N. J. Pace has been finished before United States Commissioner H. Jennings and the defendants were committed to jail without bail to await the action of the United States grand jury on a charge of murder in the tragedy which was enacted near Oologah last week. In this shooting affair Ed Phillips lost his life and O. S. Skidmore, William Mayfield and Joseph Heady were dangerously wounded. The trouble arose over a dispute over thirty acres of land which Phillips had rented from Skidmore.

DOUBLE HOMICIDE.

Nacogdoches, Tex., April 28.—A double homicide occurred Saturday night four miles west of here, at a church called "Palestine," where there was a singing. Jim Clevenger was instantly killed by a pistol shot in the chin, and immediately afterward Elgin Clifton was instantly killed by three pistol shots. The two men had a difficulty over a trifle. Clevenger's brother, Joe Clevenger, was near by. He sent word to the sheriff that he would surrender. All parties have prominent connections and are old Texans.

It will be appealed to the state supreme court. The man's suffrage association was repudiated by the gun in the supercilious. The state to contribute \$2000 to pay costs of contesting the new constitution.

GEN. GORDON'S LECTURE.

Gen. John B. Gordon, commander-in-chief of the United Confederate Veterans arrived in the city yesterday at 1:45 p.m., to fill his engagement to lecture under the auspices of the ladies of the Methodist church.

Gen. Gordon was not expected until 4:22, and the plans to give him a rousing reception at the depot on the part of the veterans and Daughters of the Confederacy could not be carried out. The veterans and ladies, however, tendered Gen. Gordon an informal reception at the Exchange hotel at 6 o'clock, which proved an exceedingly pleasant occasion, and later on members of Camp J. B. Robertson escorted their beloved chief to the opera house and occupied seats on the platform during his address.

The distinguished soldier, statesman and orator was introduced by Gen. H. B. Stoddard before which Miss Lucile DeMaret, in behalf of

the daughter of the Confederacy, presented to her a basket of exquisite flowers. The tribute was gracefully acknowledged.

"The Last Days of the Confederacy," was the subject of Gen. Gordon's lecture—one which has made him famous for eloquence throughout the United States, and which has won the highest tributes from men of all sections, conspicuous among which is that of the late President McKinley. The lecture is full of beauty, interest and instruction and was well received by the large audience present.

OFFICERS ARE IN JAIL

They Create Disturbance at Venice and Are Run in.

NO BAIL IN ITALY.

The Men Are from the United States Cruiser Chicago and Are Charged With Resisting the Police. Particulars Are Meager.

New York, April 28.—Capt. Robert F. Wynne, of marine battalion; Robert E. Ledbetter, assistant surgeon; John S. Doddridge, lieutenant, and James Chatham Kress, of the United States cruiser Chicago, are under arrest at Venice, under a charge of rebellion against the police, says a Rome dispatch to the Tribune. They say that they simply tried to free themselves for defense against some people exasperated by their involuntary upsetting of tables. Even their friends fear that they may be condemned as there were further disturbances when the crew landed. Commander Dayton has ordered all on board.

Commander Beehler, the American naval attache, expressed great chagrin at the affair. He says the officers enjoy no special privileges ashore and must be judged according to the laws of Italy and afterward, if found guilty, be court martialed for conduct unbecoming officers and gentlemen. The bail is non-existent in Italy.

The commander accompanied by the American consul, visited the prefect, expressing regret at the incident. He has taken energetic measures to prevent further disorders, and has threatened severe punishments.

BURNED TO DEATH.

Young Woman Loses Her Life and Her Aunt Fatally Burned.

New York, April 28.—Lizzie McGarvey, a Brooklyn schoolteacher, was burned to death and her aunt, Mrs. Lizzie Lambert, 70 years old, was probably fatally burned in Williamsburg. Miss McGarvey and her aunt occupied an apartment in Filmore place. Neighbors were alarmed by smoke which was traced to their door. The door was forced open and Miss McGarvey was found dead on the floor, burned almost beyond recognition. By her side lay her aged aunt, unconscious and also terribly burned.

It is believed the dress of the younger woman caught fire at the kitchen range, and she ran into the dining room, where her aunt was sitting. Mrs. Lambert probably received her injuries in an effort to save her niece.

None in the house heard the women's cries. Miss McCarvey's clothing was entirely consumed.

AFFAIRS IN RUSSIA.

Riots Continue to Spread in South Russia and Uneasiness Felt.

St. Petersburg, April 28.—Persistent reports are in circulation to the effect that the czar will shortly issue a rescript giving Russia a constitution similar to the scheme for administrative reform drawn up by the late General Loris-Melikoff when he was minister of the interior and which was sanctioned by the late Czar Alexander II.

Rioting continues to spread in south Russia. Military, thus far, being unable to prevent incendiary, terrorism and plundering.

Landed proprietors throughout the government of Poltava are seeking refuge in City of Poltava.

Prince Obolensky, governor of Kherson, is apprehensive of rising in that government.

The police forces in many cities have been increased in strength notably at Irkutsk and Archangel.

Ralschanoff, the assassin of M. S. Plaguine, the last minister of the interior, is now reported to be very sick, due to voluntary starvation.

After a lingering illness Mr. George McLendon died at 2 p.m., at the home of Mr. Mrs. Charles N. Williamson. Mr. McLendon was a brother of Mrs. Williamson, and was reared at Calvert, where his remains were taken yesterday for burial. He was only 19 years old, and a bright, intelligent, energetic young man of fine business ability and bright prospects. While his death was not unexpected, it has cast a gloom over a large circle of friends whose sympathy is extended to the family in the sad hour of their bereavement.

Mr. and Mrs. Chas. N. Williamson, Miss Pistole, Miss Lucile McLendon and Jack McLendon accompanied the remains to Calvert. The oral tributes of friends and others were exceedingly beauti-

GEN. GORDON'S LECTURE.

Gen. John B. Gordon, commander-in-chief of the United Confederate Veterans arrived in the city yesterday at 1:45 p.m., to fill his engagement to lecture under the auspices of the ladies of the Methodist church.

Gen. Gordon was not expected until 4:22, and the plans to give him a rousing reception at the depot on the part of the veterans and Daughters of the Confederacy could not be carried out. The veterans and ladies, however, tendered Gen. Gordon an informal reception at the Exchange hotel at 6 o'clock, which proved an exceedingly pleasant occasion, and later on members of Camp J. B. Robertson escorted their beloved chief to the opera house and occupied seats on the platform during his address.

The distinguished soldier, statesman and orator was introduced by Gen. H. B. Stoddard before which Miss Lucile DeMaret, in behalf of

"The Last Days of the Confederacy," was the subject of Gen. Gordon's lecture—one which has made him famous for eloquence throughout the United States, and which has won the highest tributes from men of all sections, conspicuous among which is that of the late President McKinley. The lecture is full of beauty, interest and instruction and was well received by the large audience present.

OFFICERS ARE IN JAIL

They Create Disturbance at Venice and Are Run in.

NO BAIL IN ITALY.

The Men Are from the United States Cruiser Chicago and Are Charged With Resisting the Police. Particulars Are Meager.

New York, April 28.—Capt. Robert F. Wynne, of marine battalion; Robert E. Ledbetter, assistant surgeon; John S. Doddridge, Lieutenant, and James Chatham Kress, of the United States cruiser Chicago, are under arrest at Venice, under a charge of rebellion against the police, says a Rome dispatch to the Tribune. They say that they simply tried to free themselves for defense against some people exasperated by their involuntary up setting of tables. Even their friends fear that they may be condemned as there were further disturbances when the crew landed. Commander Dayton has ordered all on board.

Commander Beehler, the American naval attache, expressed great chagrin at the affair. He says the officers enjoy no special privileges ashore and must be judged according to the laws of Italy and afterward, if found guilty, be court martialed for conduct unbecoming officers and gentlemen. The ball is non-existent in Italy.

The commander accompanied by the American consul, visited the prefect, expressing regret at the incident. He has taken energetic measures to prevent further disorders, and has threatened severe punishments.

BURNED TO DEATH.

Young Woman Loses Her Life and Her Aunt Fatally Burned.

New York, April 28.—Lizzie McGarvey, a Brooklyn schoolteacher, was burned to death and her aunt, Mrs. Lizzie Lambert, 70 years old, was probably fatally burned in Williamsburg. Miss McGarvey and her aunt occupied an apartment in Filmore place. Neighbors were alarmed by smoke which was traced to their door. The door was forced open and Miss McGarvey was found dead on the floor, burned almost beyond recognition. By her side lay her aged aunt, unconscious and also terribly burned.

It is believed the dress of the younger woman caught fire at the kitchen range, and she ran into the dining room, where her aunt was sitting. Mrs. Lambert probably received her injuries in an effort to save her niece. None in the house heard the women's cries. Miss McCarvey's clothing was entirely consumed.

AFFAIRS IN RUSSIA.

Riots Continue to Spread in South Russia and Unrest Feels.

St. Petersburg, April 28.—Persistent reports are in circulation to the effect that the czar will shortly issue a rescript giving Russia a constitution similar to the scheme for administrative reform drawn up by the late General Loris-Melikoff when he was minister of the interior and which was sanctioned by the late Czar Alexander II.

Rioting continues to spread in south Russia. Military, thus far, being unable to prevent incendiarism, terrorism and plundering.

Landed proprietors throughout the government of Poltava are seeking refuge in City of Poltava.

Prince Obolensky, governor of Kher-

son, is apprehensive of rising in that government.

The police forces in many cities has been increased in strength notably at Irkutsk and Archangel.

PITTSBURG STORM

Two Lives Were Lost and Much Proper-
ty Destroyed.

Pittsburg, April 28.—The windstorm
of almost cyclonic proportions which
prevailed in this city during all of
Saturday and the greater part of Sun-
day was followed by much destruction
of property, and was the cause of the
loss of at least two lives.

As the Cumberland accommodation
train on the Baltimore and Ohio was ap-
proaching the city, the engine was
thrown from the track and overturned
at Port Perry by the roof of a freight
car standing on a siding being blown
in front of it. Edward G. Sperow, the
fireman, was caught under the wreck
and so badly scalded that he died
shortly afterwards.

At McDonald, an Italian, was crush-
ed to death by an oil derrick blown
on him.

Another death, the result of the
storm, is reported from Rochester,
Pa., but not confirmed.

The wind played havoc with tele-
graph and telephone wires generally,
a condition which has contributed to
make the strike of the line men a
serious matter to the several com-
panies.

RETURNS FROM CUBA.

*Secretary Root Arranged for Return of
Soldiers from the Island.*

Miami, Fla., April 28.—Secretary of
War Root, Mrs. Root and daughter
arrived here from Cuba Sunday after
noon on board the government yacht.
Regarding the trip, Secretary Root
said:

"My visit to Cuba was for the pur-
pose of arranging for the transfer of
the island to the Cuban government on
May 20th. Seven artillery companies,
consisting of 800 men, will remain in
charge of the guns, ammunition, etc.,
as will be retained in Cuba, intended
for the United States naval stations,
which have been arranged for in the
treaty with the Cuban government.
The troops will be stationed at Ha-
vana, Santiago and Cienfuegos."

The secretary says that no claim has
been made by the United States for
the sums spent in securing the free-
dom of Cuba, but that the matter will
be taken up when the Cuban govern-
ment has been perfected.

Man and Horse Skeleton.

Guthrie, O. T., April 28.—While
prospecting at the foot of Long Horn
mountain, near Mountain View, O. T.,
soldiers from Fort Sill unearthed the
skeleton of a horse, buried several
feet below the surface and on top of
the skeleton of a man, together with
a camper's outfit. All indications
point to a murder of a prospector,
committed about three years ago. In-
vestigations are being made.

Fire at Glenn Falls.

Glens Falls, N. Y., April 28.—A dis-
astrous fire visited Glens Falls Sunday,
causing a property loss estimated at
over \$500,000. The fire started in the
clothing store of Webb Bros., on Glen
street, and from thence spread to the
large plant of the Joseph Fowler Shirt
and Collar company, occupying the upper
story of nearly the entire block.
Then, fanned by high wind, the flames
jumped to the neighboring buildings.

Planting in Zapata.

Corpus Christi, Tex., April 28.—John
B. Hardwick has received a letter from
F. W. Seabury of Rio Grande City
stating that the recent rains extended
over most of the drought section and
that the people had begun to plant.
Mr. Seabury says if crops can be raised
there will be no more suffering this
summer and fall, but assistance is
badly needed to tide over until that
time.

Forty Bodies Recovered.

Cairo, Ill., April 28.—Four more
bodies of the victims of the City of
Pittsburg wreck have been recovered,
making 40 up to date. One was identi-
fied as that of Joseph Redding, an
engineer of Louisville. The other three
were negroes, two men and one
woman.

Senator Elkins Was a Soldier.

Washington, April 28.—The atten-
tion of the war department has been
directed to the statement which re-
cently appeared in print that Senator
Elkins of West Virginia had seen no
military service. Senator Elkins saw
service in the west as captain in the
77th enrolled Missouri infantry.

Copper Found in Oklahoma.

Guthrie, O. T., April 28.—Copper ore,
said to be in paying quantities, has
been discovered in the Wichita moun-
tains near Mountain Park, and there
has been a rush of prospectors to the
scene during the past week. Several
hundred claims are said to have been
staked.

Batte Selected Orator.

Bryan, Tex., April 28.—T. R. Batte,
Jr., of Bryan, class of 1902, Agricul-
tural and Mechanical college, has been
elected to deliver the annual address
of welcome to the Alumni association
at the commencement exercises in
June.

rigan is to be created a cardinal at
the May consistory, together with
Archbishop Beguin of Quebec.

Chicago, April 28.—Judge Richard S.
Tuthill, while trying a divorce suit,
asserted that when a husband made a
practice of beating his wife she had

DEATH OF MR. MORTON

Former Secretary of Agriculture Dies at Chicago.

BEEN ILL SOME TIME

He Died at the Home of His Son after a Second Stroke of Apoplexy—His Remains Will Be Taken to Nebraska for Interment.

Chicago, April 28.—Hon. J. Sterling Morton, former secretary of agriculture, died at 4:30 o'clock Sunday afternoon in Lake Forest, at the home of his son, Mark Morton.

A special train bearing the remains of Mr. Morton and members of his family and friends will leave Lake Forest at 4 o'clock to-morrow afternoon for Nebraska City, where the interment will take place. Death was due to cerebral thrombus.

Mr. Morton began ailing several months ago, and in hopes a change of climate would restore his health he went to the City of Mexico, accompanied by his son, Paul Morton, vice president of the Santa Fe railroad. Mr. Morton continued to grow worse in the southern country, however, and six weeks ago he returned to his old home in Nebraska. He then came to Chicago, where it was believed he would have better medical attention. After he arrived here he improved somewhat and it was believed for a time that he would entirely recover from his ailment. Last week he suffered a stroke of apoplexy from which he never recovered. He suffered a second stroke Sunday, and as he had become so weak from his long illness, it proved fatal.

His three sons, John, Paul and Mark Morton, were at his bedside when the end came.

Julius Sterling Morton was in Washington for four years as secretary of agriculture in President Cleveland's second administration. He was a man of steadfast convictions, unwavering honesty and undoubted ability. By nature a controversialist, Mr. Morton came to the cabinet with many fixed ideas about the government service. He was a practical farmer and ran his department along practical lines, but nevertheless not without many squabbles. He regarded the distribution of seeds as paternalistic, and on that subject found himself in opposition to congress. The ex-secretary was the founder of Arbor day, April 22, which began to be observed generally during his incumbency as head of the department of agriculture, and is now generally observed in all the states. His constant motto was to "plant trees," having it stamped in large letters under a picture of a tree on his stationery. He was an inveterate letter writer. He found keen enjoyment in answering the communication from farmers, and it was no unusual occurrence for him to call newspaper men into his office to read the answers he was writing to farmers, often giving out portions of them for publication.

The ex-secretary was exactly 70 years old. He was of Scotch-English descent. He was born in Jefferson county, New York, but his parents moved to Michigan when he was very young. He was a graduate of Union college, New York. Mr. Morton was connected editorially for a time with the Detroit Free Press and the Chicago Times, and then located at Belleville, Ill., in November, 1854, where, in April following, he issued the first number of the Nebraska City News. He was elected to the territorial legislature the same year, and re-elected in 1857. He was appointed secretary of the territory in 1858 to fill the vacancy caused by the death of Thomas B. Cuming, and served until May, 1861, part of the time as acting governor. He was elected to congress in 1860, but was unseated as the result of a contest. He was four times nominated by his party as governor of Nebraska, but was defeated each time. He was a stalwart "gold man" and had an early falling out with Wm. J. Bryan, whose political aspirations he vigorously opposed. He was identified officially with many agricultural and horticultural organizations.

Cholera in Philippines.

Manila, April 28.—The cholera situation in the islands does not show any improvement. Cholera cases are reported among the American soldiers in southern Luzon and elsewhere, but so far few Americans have been attacked and the disease is mainly confined to natives and Chinamen.

In Manila there have been 555 cases and 449 deaths, while the provinces report 1599 cases and 1169 deaths.

Spotted Fever Plague.

Butte, Mont., April 28.—A special from Missoura says the spotted fever scourge in the Bitter Root valley has broken out with greater violence than at any time known in the history of the peculiar disease. Eight persons have died of the malady within a week and several others are dangerously ill.

Killed by Dynamite.

Seattle, Wash., April 28.—Will Price and Bernard Sutter were killed by an explosion of dynamite at Issaquah. There were not enough of Sutter's remains left to hold an inquest. The exact cause is not known.

ALMOST COMPLETED.

The Biggest Gun Will Be Ready for Test About June 1.

New York, April 28.—The authorities at the Watervliet arsenal expect to complete work on the 16-inch gun to be placed at Fort Hamilton, in New York harbor, by June 1. The gun, which has been in course of construction about four years, will first be sent to Sandy Hook for proving. Last week the war department decided to mount the gun on a disappearing carriage. Its first trial is eagerly awaited by all the gunmakers of the world. It is claimed the gun will hurl a shell 21 miles. This is disputed by the Krupps, who claim it will not throw the shot more than fifteen miles. In order to discharge the gun, it will require 1000 pounds of powder and a 3000-pound projectile. The gun when completed will weigh 150 tons.

Schley at Memphis.

Memphis, Tenn., April 28.—Rear Admiral and Mrs. W. S. Schley arrived in Memphis over the Southern railway at 8:10 o'clock Sunday night and were at once driven to their rooms in the Gayoso hotel. A reception committee met the distinguished visitors at Grand Junction and escorted them to the city. It was generally understood that it was the wish of Admiral and Mrs. Schley that no demonstration in their honor should occur upon their arrival, but despite the published statement several hundred people were at the Union station to bid the visitors an enthusiastic welcome. Admiral Schley will be the guest of the city until Wednesday night, when he will visit several cities in Mississippi. A parade was given in honor of the admiral and his wife this morning.

Disastrous Wreck.

Kalamazoo, Mich., April 28.—A disastrous freight wreck occurred here Sunday on the Lake Shore and Michigan Southern. One man lost his life and the property loss is estimated at \$50,000. An extra freight, north bound, broke in two on a grade two miles south of the city, and the two sections collided. Twenty cars left the track and piled up on either side of it. The contents of an oil car took fire and exploded, and four cars of the adjoining Grand Rapids and Indiana track, a blacksmith shop were destroyed. The badly burned body of a man supposed to have been a tramp was found after the flames had been extinguished. None of the train crew was injured.

Schooner Foundered.

Sandusky, O., April 28.—The schooner Barklow, from Marine City, founded in Lake Erie, half a mile from Put-in-Bay, late Saturday afternoon, and Captain Robert Pardy of Marine City, his wife and step-son, Alexander Morris, aged 16 years, drowned. Dick Burk, a sailor, of Port Huron, who survived, was brought here by the life saving crew from this port. Blue Laws Enforced.

Boston, April 28.—There was a very general compliance with the police order enforcing the "blue laws" Sunday. A few fruit dealers in the tenement districts are reported to have made some sales, and if these can be proven, the violators will be prosecuted. The Sunday laws were more strictly enforced than a week ago, and even the newsboys were driven from the streets at noon time, making the day an extremely quiet one for Boston.

Soldiers from Cuba.

New York, April 28.—Ninety men belonging to the first and third squadrons of the Second cavalry, United States army, in charge of Lieutenants Raney and Pope, formerly stationed at Cienfuegos and Matanzas, Cuba, arrived here Sunday night on the steamer Albas. DEATH OF MR. MORTON

Former Secretary of Agriculture Dies at Chicago,

BEEN ILL SOME TIME

He Died at the Home of His Son after a Second Stroke of Apoplexy—His Remains Will Be Taken to Nebraska for Interment.

Chicago, April 28.—Hon. J. Sterling Morton, former secretary of agriculture, died at 4:30 o'clock Sunday afternoon in Lake Forest, at the home of his son, Mark Morton.

A special train bearing the remains of Mr. Morton and members of his family and friends will leave Lake Forest at 4 o'clock to-morrow afternoon for Nebraska City, where the interment will take place. Death was due to cerebral thrombus.

Mr. Morton began ailing several months ago, and in hopes a change of climate would restore his health he went to the City of Mexico, accompanied by his son, Paul Morton, vice president of the Santa Fe railroad. Mr. Morton continued to grow worse in the southern country, however, and six weeks ago he returned to his old home in Nebraska. He then came to Chicago, where it was believed he would have better medical attention. After he arrived here he improved somewhat and it was believed for a time that he would entirely recover from his ailment. Last week he suffered a stroke of apoplexy from which he never recovered. He suffered a second stroke Sunday, and as he had become so weak from his long illness, it proved fatal.

His three sons, John, Paul and Mark Morton, were at his bedside when the end came.

Julius Sterling Morton was in Washington for four years as secretary of agriculture in President Cleveland's second administration. He was a man of steadfast convictions, unswerving honesty and undoubted ability. By nature a controversialist, Mr. Morton came to the cabinet with many fixed ideas about the government service. He was a practical farmer and ran his department along practical lines, but nevertheless not without many squabbles. He regarded the distribution of seeds as paternalistic, and on that subject found himself in opposition to congress. The ex-secretary was the founder of Arbor day, April 22, which began to be observed generally during his incumbency as head of the department of agriculture, and is now generally observed in all the states. His constant motto was to "plant trees," having it stamped in large letters under a picture of a tree on his stationery. He was an inveterate letter writer. He found keen enjoyment in answering the communication from farmers, and it was no unusual occurrence for him to call newspaper men into his office to read the answers he was writing to farmers, often giving out portions of them for publication.

The ex-secretary was exactly 70 years old. He was of Scotch-English descent. He was born in Jefferson county, New York, but his parents moved to Michigan when he was very young. He was a graduate of Union college, New York. Mr. Morton was connected editorially for a time with the Detroit Free Press and the Chicago Times, and then located at Belleville Neb., in November, 1854, where, in April following, he issued the first number of the Nebraska City News. He was elected to the territorial legislature the same year, and re-elected in 1857. He was appointed secretary of the territory in 1858 to fill the vacancy caused by the death of Thomas B. Cuming, and served until May, 1861, part of the time as acting governor. He was elected to congress in 1860, but was unseated as the result of a contest. He was four times nominated by his party as governor of Nebraska, but was defeated each time. He was a stalwart "gold man," and had an early falling out with Wm. J. Bryan, whose political aspirations he vigorously opposed. He was identified officially with many agricultural and horticultural organizations.

Cholera in Philippines.
Manila, April 28.—The cholera situation in the islands does not show any improvement. Cholera cases are reported among the American soldiers in southern Luzon and elsewhere, but so far few Americans have been attacked and the disease is mainly confined to natives and Chinamen. In Manila there have been 555 cases and 449 deaths, while the provinces report 1599 cases and 1169 deaths.

Spotted Fever Plague.
Butte, Mont., April 28.—A special from Missouria says the spotted fever scourge in the Bitter Root valley has broken out with greater violence than at any time known in the history of the peculiar disease. Eight persons have died of the malady within a week and several others are dangerously ill.

ALMOST COMPLETED.

The Biggest Gun Will Be Ready for Test

About June 1.

New York, April 28.—The authorities at the Watervliet arsenal expect to complete work on the 16-inch gun to be placed at Fort Hamilton, in New York harbor, by June 1. The gun, which has been in course of construction about four years, will first be sent to Sandy Hook for proving. Last week the war department decided to mount the gun on a disappearing carriage. Its first trial is eagerly awaited by all the gunmakers of the world. It is claimed the gun will hurl a shell 21 miles. This is disputed by the Krupps, who claim it will not throw the shot more than fifteen miles. In order to discharge the gun, it will require 1000 pounds of powder and a 3000-pound projectile. The gun when completed will weigh 150 tons.

Schley at Memphis.

Memphis, Tenn., April 28.—Rear Admiral and Mrs. W. S. Schley arrived in Memphis over the Southern Railway at 8:10 o'clock Sunday night and were at once driven to their rooms in the Gayoso hotel. A reception committee met the distinguished visitors at Grand Junction and escorted them to the city. It was generally understood that it was the wish of Admiral and Mrs. Schley that no demonstration in their honor should occur upon their arrival, but despite the published statement several hundred people were at the Union station to bid the visitors an enthusiastic welcome. Admiral Schley will be the guest of the city until Wednesday night, when he will visit several cities in Mississippi. A parade was given in honor of the admiral and his wife this morning.
